

Information Letter N°3

Population Problems in History’s Mirror

The Centre for Population Studies of the Faculty of Economics, Lomonosov Moscow State University, holds, in **April 22-24, 2010**, the 6th International Conference on Population Problems “Dmitry Valentey Commemorative Readings”. The conference Website is available on <http://dmo.econ.msu.ru/Valentey-Readings/2010/en>. The conference is devoted to **historical demography, history of population, demographic theories and policies in Russia and abroad**.

Organizing Committee is grateful to the Russian and foreign colleagues who expressed their wish to participate in the Conference. Preliminary programme is now complete. The papers which are not accepted for the regular sessions may be optionally presented at the poster sessions. All the papers submitted, regardless of the form of presentation, will be published. The full papers (up to 20 000 characters) must be submitted until **January 15, 2010**.

Participants coming from the other cities and countries are asked to inform the Organizing Committee whether they need an accommodation in Moscow during the conference (hotel or university residence).

The participants who need a visa for entering Russia have to fill in the form presented in the Information letter N° 2

(http://dmo.econ.msu.ru/Valentey-Readings/2010/en/Docs-eng/Letter_2-eng.doc) .

We inform you that the Organizing Committee found a possibility to exempt all the participants from the registration fees.
